

Health, Safety and Wellness Committee
February 15, 2018 1:15-2:15 p.m., Conference Room

Meeting Minutes

Attendance: Elisha Pylman
Michelle Billings
Karl Geiger
Michael Farrell

- Reviewed old business (last mtg.)
- Michelle Billings noted finding old logs (circa 2009-2010) which listed various health and safety events (drills, workshops, etc) taking place monthly. Thinks it would be a good idea for us to resume that so as to show proof of executing our current policy.
- Michelle will check in with Mason St. Pierre and teachers before next meeting to collect such events to list in our monthly minutes.
- K-4 Faculty feedback on nutrition in curriculum still lacking. Elisha will pursue for the March meeting.
- Michelle question re: empty water machine in atrium. Student council responsible for it. Michelle will pursue for next meeting.
- For March mtg., Karl will post grade 9-12 menu on school website (as part of communicating Wellness Policy to public). Facebook posting to follow (Elisha to take care of that).
- Karl mentioned plans for adult education "Safe-Serve" class (for food prep) to take place over a nine-week period (one hour per class) to be offered in Spring 2018.
- Michelle question as to whether LLCS does violence prevention/intervention training. (Based on yesterday's school shooting in Florida)
- Michelle will pursue with Noelle
- Adjourned at 2:15
