

Curriculum and Professional Development Committee
Dec. 14, 2016 Minutes

Members present: Aimee Harkness, Tina Pine, Noelle Short, Mary Phillips-LeBlanc

Members absent: Alex Harris

Discussed the newly purchased IXL Program, an online mathematics app which will be piloted by third through seventh grade math students to enhance current instruction and give students additional practice at school and home. A. Harkness demonstrated the numerous features available to students and teachers.

Discussed the acceleration of primary elementary students in one or more subject areas. The committee agreed that, in general, advancement should not be considered until students are in the 5th grade.
