March 1, 2019

Dear Parent/Guardian,

Steger School District 194 has recently become aware through various news outlets of online videos that have been posted on the internet that could endanger the safety of our students. Videos including the popular video game Fortnite, as well as the animated series Peppa Pig, have reportedly been spliced to include violent images, and have been viewed by individuals around the world on internet sites such as YouTube, YouTube Kids, and Facebook. There have also been rumors of the “Momo Challenge” resurfacing on social media platforms in which a woman with bulging eyes encourages students to take challenges that eventually lead to possibly harming themselves physically.

Steger School District 194 administrators and teachers are aware of these issues and are working to further educate our students on such dangers and continue to ensure their safety when at school. We are asking parents to please remind your children, as well as teach them how to be safe online, and to report any disturbing content they may view to an adult.

We thank you for your time and look forward to continuing to partner with our families to provide a safe and secure learning environment.

Sincerely,

Steger District 194 Administrators
