February 22, 2018

Dear Parents:

Working together at school and at home, we can make a difference when it comes to the safety and security of our children. School administration works closely with the New Jersey State Police to provide a safe learning environment for our students and staff.

I encourage you to speak with your children about the seriousness of threatening text messages and social media posts. The school district and police respond to all threatening online comments and social-media posts even those made "as a joke." It is also important to monitor the online activity of your children. At school we will continue to teach and reinforce responsible online citizenship.

Thank you for your continued support and please do not hesitate to contact us with any concerns or if you need assistance.

Sincerely,

Christine Vespe, Ed.D
Superintendent of Schools
