PLAY FOR ALL

What is an INCLUSIVE PLAYGROUND?

At Indian Mills School, we believe that participation in recess provides an opportunity for children to engage in essential physical activity and establishes healthy habits early in life. Play also affords the opportunity to practice skills such as cooperation, communication and creativity.

We believe all children should have the opportunity to have the play experience as part of their elementary school development.

An Inclusive Playground is a sensory-rich environment that enables all children to develop physically, socially and emotionally. An engaging place that provides the right level of challenge and opportunities to succeed. At an inclusive playground, children of all abilities can interact with each other and PLAY!
