PARCC Testing

Third through sixth grade students in Berkeley Township School District participated in the PARCC assessments during the month of April. PARCC, which stands for Partnership for Assessment of Readiness for College and Careers, provides information for educators and parents to identify where a student needs help or is excelling. This makes it possible to enhance instruction to meet individual student needs.

Autism Awareness Month

Berkeley Township School District celebrated National Autism Awareness Month during the month of April. Students, staff and families who attended Light it up Blue Day on April 25, 2017 participated in a variety of activities. The grand opening of the Discovery Room at Clara B. Worth School allowed students to explore Under the Sea themed tasks. Sensitivity training was provided through storytelling, including *The Upside-Down Fish* and *Being Different is a Good Thing*, to promote acceptance and appreciation for our differences.
