

The goal of the Special Needs Registry is to ensure all Berkeley Township residents who may need assistance are able to get the help and support that they need in a time of an emergency or during interactions with first responders.

The Berkeley Township Police Special Needs Registry is proudly sponsored by the Berkeley Township Police Department

Each registrant will be provided with 2 window decals that can be placed on the front door of the registrant's residence and any vehicle they frequently use. The presence of the SNR decal signifies to first responders that someone in the residence/ vehicle has some degree of special need and that they should respond accordingly. The use of the decals is voluntary. The most important aspect is the information you provide us!
