VII. PRESIDENT'S REPORT:

On behalf of the Berkeley Township Board of Education. I would like to congratulate all of the Teachers of the Year. It is such a great honor to be recognized by your peers. Great job to all of you.

On June 9, about 200 of our kids went on the Stokes Forest field trip. They all came back on June 11 reporting they had an enjoyable, fun and educational experience. I could remember back when my son went on the Stokes trip in 5th grade, and now, tomorrow evening, he will be graduating Central Regional High School. I remember being a wreck sending my first born away. At that time, I had called up Principal Roselli (Dr. Roselli was principal at the time) expressing my stress. I am sure he wanted to tell me to "chill out" when I called him but he was very professional and calmed me down and made me feel comfortable in sending my son to Stokes. This was one of my great school experiences as a parent.

May and June are very busy months with many events and activities going on throughout all of our schools. We strongly encourage parents to attend these memorable events because your children grow up extremely fast. As I said before, I have a son graduating tomorrow evening from Central. He went through the Berkeley Elementary School District and the Central Regional School District and they both provided a top-notch education. As a parent, I can remember enrolling my son in Kindergarten, and in the blink of an eye, here we are the eve before graduation, so please enjoy every minute because it goes so fast.

I would also like to thank the Berkeley Township School Board for all of the support they have given me, our Superintendent Dr. Roselli and our School District. All the board members have very busy lives outside of the Board of Education and still always find the time to attend meetings, school functions and community-based activities. I would just like to take this time to thank all of you for the all of the hard work that you do in being very proactive members of this School Board.

We cannot forget our great Business Administrator, Laura Venter, for all of the hard work she does to give us a strong, solid budget each year and for all the work she does all year round.

Thank you to our Board Attorney, Jack Sahradnik, who is always available to us when we need him and gives the Board sound, good advice on all of the different issues that come up during the school year.

Last, but not least, the School Board would like to thank our Superintendent, Dr. Roselli, for another great school year. Thank you for all of the time and commitment you put into our school district and our community. You go above and beyond your call of duty every single day putting your personal feelings aside for the best interests of this district and the safety of our children. Thank you, Dr. Roselli.

I would like to wish everyone a safe and happy summer.

This concludes my President's report.

IX. PUBLIC DISCUSSION ON AGENDA ITEMS:

None.

X. COMMITTEE REPORTS:**1. Alternate Energy: Lou Tuminaro, Chairperson**

No report.

2. Buildings & Grounds/Cafeteria/Transportation: Sal Ferlise, Chairperson

On Monday, June 16, 2014, Mrs. Whitworth invited me to visit the vegetable garden at Potter School. The students told me about their garden vegetables and how hard they worked in preparing the soil. The students have two secret vegetable plants. They refused to tell me what they are. Also, I observed Mrs. Whitworth wheeling a cart full of water. I asked what she was doing with the water, and she said she was using it to water the garden. I think we can afford a garden hose, so I told her I would see that she gets a garden hose.

I checked the gym floor in Potter and there was a big improvement.

On Tuesday, June 17, 2014, I visited the Bayville School. I saw a big improvement in the gym floor. Most boards came together very nicely, but two boards at the entry collapsed into the subfloor at either side of the new ramp. Also, Mrs. Britton showed me around her new garden. Excellent job—very well done.

I also visited BTES. I am very unsatisfied with that floor. The gym floor still has many gaps between the boards. We still owe the balance to the company, and I don't think we should pay the final payment.

LAURA VENTER: We cannot pay them unless the engineer certifies the floor, and if there is a problem, they will not certify the floor.

3. Consolidated Shared Services: John MacMoyle, Chairperson

No report.

4. Education/Policy: Patrick Mooney, Chairperson

No report.

5. Fair School Funding: Jim Fulcomer, Chairperson

Senator Michael Doherty has accepted our invitation to address us on the Fair School Funding at our October 21, 2014 Board Meeting. We should try to have as many attendees as possible.

6. Finance: Edward Cammarato, Chairperson

I agree with Mr. Fulcomer. We should have as much a turnout as possible for the upcoming October 21st meeting. School funding is very important.

I would like to thank our Superintendent, our Business Administrator and various members of the Board for their time and their dedication to the people of Berkeley Township. As the newest school board member and this being my first school year, it has been enlightening. It has been a true pleasure working with everyone on the Board and all of the teachers and the Business Administrator as well as all of the principals and supervisors.

Mrs. Guinan, I would like to personally thank you. I have now two students in your school and a third that will be arriving in about two and a half years, so don't retire until I get the third one through.

Mrs. Fraone, she teaches my son, Alexander, and she is absolutely completely deserving of the award that she received this evening. A very honorable individual who I had the opportunity to observe in her class earlier in the first quarter of this year, and it was a true pleasure watching her manage an entire classroom of children which is something I know I could not do—certainly not nearly as effectively as she did.

Mrs. Venter, it has been a true pleasure doing battle with you on the Finance Committee over the last year. You have taught me a lot. I truly enjoyed every conversation we have had. You are a very dedicated individual, and we share a financial mind. I absolutely enjoyed learning the best way to have an effective and streamlined budget in order to give everyone at Berkeley exactly what they need and being as efficient as possible without spending money needlessly (whether the state wants us to or not), so I appreciate working with you.

Dr. Roselli, again an absolute pleasure working with you. I know I have fractioned the occasional state statute, regulation, whatever Mr. Fulcomer wants to call it, but it was all done out of sheer ignorance of not knowing that I could not do it.

Mr. Burr, you have my son coming next year to your school, and thank you very much again for hosting an orientation. It was absolutely well worth it. You put my wife at ease and all of the other parents who were present as well, so please continue to do that.

Mrs. Lapsley, thank you. I was fortunate enough to attend the trout program last Friday and see all of the fine work that Mrs. Lapsley and her students have been doing with the Trout Program. It was remarkably impressive, and I learned a lot just being present. It was really remarkable seeing how committed the children are not only to the environment but the science that goes behind the environment. It was sad to learn that we won't be doing Brook Trout the next few years, we will be doing Rainbow Trout due to a disease that affected the hatchery, so it'll be nice to see something a little different. Hopefully, that won't change the State fish from Brook to Rainbow.

With that, my finance report is rather simple this go around. The Finance Committee meet prior to this evening's meeting, and we approved the bills list and purchase orders for the remainder of the 2014 fiscal budget and for 2015. We ensured that payment would be made promptly so that all supplies needed from the 2015 school year will arrive over the summer so

the teacher and administrators and staff and everyone who needs their materials will have it well in advance of the school year starting in September.

Again, echoing Mr. Fulcomer's claims earlier for the October 21st meeting, please try to get as many people here as you can to learn about the Fair School Funding Act and its importance in Berkeley Township.

7. Personnel & Negotiations: Steve Pellechia, Chairperson.

I don't know where to begin after Mr. Cammarato gave that lengthy, wonderful speech. You did a great job. I would like to add my Committee's opinion of what makes this district so successful. We start with our Superintendent who works closely with our leaders at the schools. We feel that we have the best of the best. Speaking for our esteemed Business Administrator, I think the state proved that you are the best administrator to work with in any of the school systems and we are very proud of that. Getting down to my report. The Personnel Committee met and we strongly recommend that we approve the new contract for our Superintendent, Dr. Roselli. Therefore, I would like to make a motion that the contract be approved. I think I am in order to do that.

MRS. KOWALEWSKI: Mr. Pellechia, that is going to fall under the Superintendent's agenda.

8. School Safety: Keith Fisher, Chairperson.

No report. I just want to echo Mr. Cammarato's and Mr. Pellechia's comments about the schools in the district. It's been a crazy school year with all of the snow and you guys handled it excellently. I am proud to be part of this Board, and I will see if I can get Dr. Roselli into Yankee Stadium.

XI. SUPERINTENDENT'S AGENDA

MOTION by Mr. Ferlise that upon recommendation of the Superintendent Items A1 – A23 be approved.

SECOND by Mr. Cammarato.

ROLL CALL VOTE: (7 Ayes, 1 Nay – Mr. Fulcomer on Item 21, 3 Abstains – Mr. Fulcomer on Items 6 and 7; Mr. Fisher on Item 21; Mr. MacMoyle on Item 21). Motion carries.

MR. FULCOMER: I will be voting for most of these items, but I will be voting "no" on Item 21. I disagree with Mr. Pellechia. The current contract has future years before it ends. This proposed contract would take the place of the current contract. Under the current contract, in the 2014-2015 school year, the Superintendent would get a \$2,000 raise for being Superintendent and Acting Director of Special Services. Under this new contract that we are voting on, the Superintendent with the full bonus that he would get if he met all of the criteria, would get an increase of at least \$28,250 for doing one less job. I really think that in today's economy an increase of \$28,250 in one year is too much, and it is the sort of thing that turns the public off when it comes to their reaction to government and the way elected officials spend their money. We no longer have votes by the public on budgets, but I can assure you that if there were a vote

on a school budget and it got out that the Superintendent was going to get a \$28,250 increase, that school budget would be defeated. I think even though we are free of the public scrutiny and the Council's scrutiny, I think we still have to look out for the taxpayers, and if you have that much money in the budget to throw around and you want to spend it, I think it would be better spent in the classroom--not on giving a gigantic increase to the Superintendent.

MR. PELLECCCHIA: I especially vote "Yes" to Item 21. I am a firm believer that if you have someone of Dr. Roselli's caliber you must not let him leave our district.

MOTION by Mr. Fulcomer that upon recommendation of the Business Administrator Items 8 – 14 be approved.

SECOND by Mr. Fisher.

ROLL CALL VOTE: (8 Ayes, 0 Nays, 0 Abstains). Motion carries.

MR. TUMINARO: I have a question on Number 9--everything says "TBD." What do we budget for these?

MS. VENTER: It says “TBD” because most of them are Central Regional and Central Regional hasn’t given us the rates for them yet. We need the Board to approve the student’s transportation. It is all based on the number of children going. So, if we had 2 children going and they had 2 children going, the route would be split in half, but if they have 10 children going and we have 2 children, we are only charged for 1/5th of the rate. It just hasn’t been finalized yet.

MR. CAMMARATO: Is that something to be submitted to the Finance Committee to review.

MS. VENTER: If you would like it to be, yes.

MR. CAMMARATO: Do they have a date that they have to have it in to us?

MS. VENTER: No, it’s more of the fact that you are approving another carrier to transport our students. Whatever the cost is, there are formulas we have to follow, so it’s not like they can play with the numbers and say we are going to charge you 100%.

MR. CAMMARATO: So we can’t absorb 100% of the cost?

MS. VENTER: No, we can’t.
