## **PARCC Testing**

Third through sixth grade students in Berkeley Township School District participated in the PARCC assessments during the month of May. PARCC, which stands for Partnership for Assessment of Readiness for College and Careers, is a group of states that work together to develop a set of tests that provide information for educators and parents to identify where a student needs help or is excelling. These assessments make it possible to enhance instruction to meet individual student needs.

## **Stock Market Team Recognition**
