Dear District 23 Families,

As superintendent of District 23, I want you to know that as we move through these unprecedented times and deal with the impact of the COVID-19 pandemic, I am committed to supporting schools in ensuring that families have an abundance of resources and activities to support their children as they learn at home.

The NYC Department of Education is expected to provide families with technological resources that will allow students to engage in remote learning and other educational material accessible through the following link: <https://pwsauth.nycenet.edu/learning/learn-at-home>.

It is my hope that these resources as well as the resources provided by the NYC Department of Education, will provide a comprehensive learning experience for your child until we are able to return to school. We will keep you abreast of any additional resources as they become available.

As we continue to navigate through these uncharted waters, please know that we remain committed to Moving Forward Together.

Yours in solidarity,

Dr. Miatheresa Pate
