

District 23 Vision Statement

2019 - 2020

To foster a remote learning environment for students that:

- promotes high expectations
- employs a sustainable culturally responsive curriculum
- ignites in our scholars a growth-mindset for critical thinking
- nurtures/addresses social-emotional needs during the pandemic
- offers innovative programs and virtual platforms for teaching and learning
- adopts strategic interventions to ensure success for all learners
- prioritizes collaborative partnerships
- results in all students becoming college- and career-ready, and attaining the competitive edge in our global community
