

Update from CCPS – April 15, 2020

Dear CCPS Students, Families, Faculty, Staff and Community --

As we approach the midpoint of April, there are a few important items that we would like to share with you regarding our progress for learning in CCPS.

1. CCPS has installed expansion antenna at our school buildings. This will provide a stronger signal for our WiFi service that will extend to our front parking lots for the high school and elementary school and the side parking lot at the high school. Free WiFi service will be available every day, starting this weekend, between 7 AM and 7 PM on our CCPS Guest network. There is no password required for this service, either. We would ask that if you choose to utilize this service, please remain in your car in the parking lot and be sure to practice all required social distancing and gathering regulations per the Governor. We hope that this will assist our citizens and students in expanding equity and access to the internet.
2. Please be sure to check out our family resources on the CCPS Website. We are shifting this week to a new Distance Learning Plan from our continuity for learning plan of the past four weeks. We will be mailing a new packet of assignments and information to every student this week containing a copy of the new Distance Learning Plan, materials and assignments for the remaining and final weeks of school through June 5th. Every student PK-12 will receive this information.
3. Your CCES and CCHS Administration will be in contact with our students and families later this week to provide more detailed options for our Distance Learning Plan for CCPS. Please be on the lookout in your mailboxes for this important information.
4. Grab and Go meal service will continue Monday through Friday each week between 11 AM and 1 PM at the rear bus loop by the Gym area of the high school. We are so glad to continue to see a great response from our learning community to our meal service and are happy to serve you!
5. Our Tiger Packs/Community Den pick ups will resume this coming Friday, April 17th at CCES between 11 AM and 1 PM. Remember that this service is open to all families in need. We are also always looking for donations of household goods, such as paper towel, cleaning products, laundry detergent, etc. as well as non-perishable canned and food goods for families and greatly appreciate all of the donations that we continue to receive from our local citizens, churches and businesses to provide for our families in need. THANK YOU!

As always, please stay safe and healthy, practice good hygiene, wash those hands and be on the lookout for your next round of learning materials and information coming to you through the mail.
