

Update from CCPS – April 2, 2020

Good Evening CCPS Students, Families, Faculty, Staff and Community Supporters --

As we head toward the upcoming weekend and what will be our designated spring break next week, April 6th -10th, we would like to share a few reminders with our learning community.

Our Grab and Go meal service will run through tomorrow, Friday, April 3rd from 11 AM to 1 PM. During next week, April 6-10, our cafeteria staff will not be serving meals throughout this week, so that they can enjoy a short break and prepare our meal service to start up again on Monday, April 13th, when our regular service will continue from 11 AM to 1 PM every Monday through Friday through June 2020.

Tiger Packs distribution will be open at CCES tomorrow, Friday, April 3rd, from 11 AM to 1 PM. We will be setting up our Tiger Packs families with food stores for a TWO WEEK PERIOD. And please remember that Tiger Packs distribution is not just for families who have been participating in this program -- it is open to any family in need.

Please also note that there will not be a Tiger Packs delivery or open house at CCES on Friday, April 10th.

The Community Food Pantry will host a drive-thru food distribution on Saturday, April 11th beginning at 10 AM at the CCHS bus loop and Annex at the rear of the high school building by the Gymnasium. We are very pleased to partner with St. John Baptist Church for this service of their monthly food distribution. This new location and arrangement will allow our community greater access to food stores and to remain compliant with all social distancing requirements under the current orders from our Governor. We look forward to serving our community!

Students, over the break we will be providing you and your family with exciting details and information about the collection of your completed work packets and our CCPS Plan for Learning for the remainder of this school year. This information will outline grading, learning assignments, expectations and other important information. Please be on the lookout for this information over the coming week, which will be broadcast to you through all of our communication channels.

We hope that everyone continues to practice good hygiene and hand washing, social distancing and limited contact with small groups. Please be sure to enjoy the outdoors and take advantage of the wonderful spring weather. Be sure to keep a work-life balance between school work, friends, outdoor time and play time and other activities, such as music, video games and social media time. A good balance will help to keep your days filled with many activities in addition to your learning activities.

Be safe, well and healthy!
