CST Coordinator
Fax: 973-448-1935

FIRST NOTICE

May 28, 2013

Dear Parents/Guardians of 5th Grade Students:

New Jersey immunization laws **require** your child to receive the following immunizations before entering sixth grade:

1. One dose of **Tdap vaccine** (tetanus, diphtheria, pertussis) after the 10th birthday.
2. One does of **meningococcal vaccine** (meningitis) when 11 years old.

A note from your physician is required as proof of immunization and must indicate the month/day/year the immunizations were given. The note should be sent to the Byram Intermediate School Health Office, attention Mrs. Rafferty, before the start of school in September of 2013. **Students will be excluded from school in September if the immunization note is not received.**

Please contact your physician for additional information about immunizations. Also, please contact Mrs. Jill Rafferty, Byram Intermediate School Nurse, if you have any questions.

Thank you for your continued cooperation.

Sincerely,

Thomas Barnard
Principal

Jill Rafferty, RN
School Nurse
