February 28, 2017

Dear Parents:

I am writing to inform you that the P.S. /I.S. 104 main building will be having major construction in the near future. This will involve work on the following: exterior masonry, parapets, and roof. The work will be extensive and will take at least three years to complete. All work will be done after school hours each day and on weekends. Therefore, the instructional program at the school will not be affected.

We expect that the fencing and scaffolding required for this work will be put up beginning March 6, 2017. Please realize that these will impact on our outdoor activities as we will lose a great part of our Main Yard.

I will inform you of any new information concerning this work as I receive it. Please know that the School Leadership Team and the PTA have been informed of this work and are included in all information concerning it.

Thank you for your understanding of this extremely important work.

Sincerely,

Marie J. DiBella
Principal
