May 2012

Dear Parent or Guardian:

We are writing to announce the opportunity for your fourth grade child to participate in a free dental screening offered by the Putnam County Dental Society and the Putnam County Department of Health.

The free dental screening is being offered to 4<sup>th</sup> grade students during the afternoon of **Friday, June 15th**. Any 4<sup>th</sup> grade student may participate in the dental screening whether they have a family dentist or not. The dental screening is carried out in a very safe, confidential manner. The dentist will follow all infection control guidelines set by the Centers for Disease Control, and a dental associate and Health Department employee will be present while the dentist completes the screening. You will receive a copy of your child's "screening report" after he/she is seen by the dentist.

I urge you to complete the consent form & parent questionnaire attached and return it to your child's teacher by **Friday, June 1st**, even if you do not wish to have your child screened. Keep in mind that a healthy mouth is part of a child's overall well-being and makes a child more ready to learn.

Thank you in advance for your time and cooperation in this very important health matter.

Sincerely,

Gary Chadwick  
Principal

Noreen Beichert  
School Nurse
