MATHCOUNTS in a Nutshell

The mission of MATHCOUNTS® is to increase enthusiasm for and enhance achievement in middle school mathematics throughout the United States. With the generous support of all MATHCOUNTS sponsors and volunteers, and leadership of the National Society of Professional Engineers at the local and state levels, MATHCOUNTS is providing today's students with the foundation for success in science, technology, engineering or mathematics careers.

MATHCOUNTS is a national enrichment, coaching and competition program that promotes middle school mathematics achievement through grassroots involvement in every U.S. state and territory.

We will meet on Mondays and we will focus on preparation for competition. This is geared toward 7th and 8th graders. 6th graders are welcome to attend however; the content may be difficult!

Please send **one section of the permission slip below each week.** Thanks!
