

### **What is the role of the faculty mentor?**

1. Mentors will help the student:
  - Stay on task through discussions at regular meetings, reading of the journal, and occasional calls to on-site mentor (if applicable). See requirements above and rubric for benchmarks and guidance for both the teacher and the student.
  - Expand the project, see new opportunities, and deal with challenges.
  - Find new resources
  - Improve the journal (see some suggestions for prompts below)
  - Perfect the presentation
2. Mentors will attend and take notes at the student's final evaluation.
3. Mentors will complete progress forms, and interim and final evaluations on the student's WISE project.
4. Mentors will stay in contact with the WISE coordinator, especially if their student is in danger of failing WISE.
