

Ordering Gift Cards through the School

Top Five Reasons to Buy from Us!

Nearly every store you go in these days sells gift cards for other retailers. So, why order gift cards from the PTO when it takes a week to receive them?

1. The PTO gets a rebate for every gift card ordered (once shipping fees are covered)!
2. Over 700 retailers participate, which gives more options than any gift card kiosk in the stores!
3. You can buy gift cards to common retailers located in different parts of the country. So, you finally can get that gift card to Marie Callenders for your aunt in California or that T-Rex gift card for your Florida Disney vacation!
4. You don't have to leave

home to order the gift cards!

5. It just feels good helping the school and not spending more than you normally would for a gift card!
