GRADE POINT AVERAGE is computed on a 12.0 scale.  
Conversion to a 4.0 is shown in descending order.

12.0 - 10.9 = 4.0	4.8 - 4.6 = 1.9
10.8 - 10.6 = 3.9	4.5 - 4.3 = 1.8
10.5 - 10.3 = 3.8	4.2 - 4.0 = 1.7
10.2 - 10.0 = 3.7	3.9 - 3.7 = 1.6
9.9 - 9.7 = 3.6	3.6 - 3.4 = 1.5
9.6 - 9.4 = 3.5	3.3 - 3.1 = 1.4
9.3 - 9.1 = 3.4	3.0 - 2.8 = 1.3
9.0 - 8.8 = 3.3	2.7 - 2.5 = 1.2
8.7 - 8.5 = 3.2	2.4 - 2.2 = 1.1
8.4 - 8.2 = 3.1	2.1 - 1.8 = 1.0
8.1 - 7.9 = 3.0	1.7 - 1.6 = 0.9
7.8 - 7.6 = 2.9	1.5 - 1.3 = 0.8
7.5 - 7.3 = 2.8	1.2 - 1.0 = 0.7
7.2 - 7.0 = 2.7	0.9 = 0.6
6.9 - 6.7 = 2.6	0.8 - 0.7 = 0.5
6.6 - 6.4 = 2.5	0.6 = 0.4
6.3 - 6.1 = 2.4	0.5 - 0.4 = 0.3
6.0 - 5.8 = 2.3	0.3 = 0.2
5.7 - 5.5 = 2.2	0.2 - 0.1 = 0.1
5.4 - 5.2 = 2.1	0.0 = 0.0
5.1 - 4.9 = 2.0	

A method for computing semester grades is as follows:

Grading Points	Point Spread
A+ = 12.....	11.6 to 12.0
A = 11.....	10.6 to 11.5
A- = 10.....	9.6 to 10.5
B+ = 9.....	8.6 to 9.5
B = 8.....	7.6 to 8.5
B- = 7.....	6.6 to 7.5
C+ = 6.....	5.6 to 6.5
C = 5.....	4.6 to 5.5
C- = 4.....	3.6 to 4.5
D+ = 3.....	2.6 to 3.5
D = 2.....	1.6 to 2.5
D- = 1.....	.6 to 1.5
F = 0.....	.5
