

Student Grades

SIRS 15.12:

All courses taken by students during the regular school year must be reported through the Student Class Grade Detail Record. For courses taken during summer school, a Student Class Grade Detail Record must be reported only for those students who take a course to make up incomplete or failed course credit through CR Part 100.5(d)(8) and those who earn graduation credit or a final grade that needs to go on their transcript. For students who are making up incomplete or failed course credit at any time, a Student Class Grade Detail Record must be reported and the Credit Recovery Code field on the record must be identified as "yes".

A Student Class Grade Detail record must be submitted for all students in K-12 courses who have a Student Class Entry Exit record, unless all the following are true: 1. No grade or other outcome is awarded for the class; 2. No credit is earned for the class; and 3. The Linkage is not reflected on the student's report card or transcript. All reported courses must include a course outcome: "P" for "pass;" "F" for "fail;" or "N" for "not complete" (for any reason).

There are two reports on Level 1 that will assist you to verify that you have collected these records.
