

Files to be delivered	Level	Notes	Included
School_4_8_9_12	State, District	One record per school	All reported schools
School_GRE_MGP	State, District	One record per school	All reported schools
Alg_student	State, District	One record per student/school/principal combination	All students included in analysis (including non-attributed students)
ELA_student	State, District	One record per student/school/principal combination	All students included in analysis (including non-attributed students)
GRE_student	State, District	One record per student/school/principal combination	All students included in analysis (including non-attributed students)
Prin_GRE_MGP	State, District	Multiple records per principal	All reported principals
Prin_4_8_9_12	State, District	Multiple records per principal	All reported principals
District	State, District	One record per district	All reported districts; NYC is NYC super-district

All district files are created by enrollment district ID (except NYC); use BEDS code to name/create district files and institution code inside files
