

## KATONAH-LEWISBORO SCHOOL DISTRICT UPDATING PASSWORD AND EMAIL ADDRESS SETTINGS IN CAMPUS PARENT

In the new Campus Parent, you can use Account Settings to update your password or account security email address.

- Select the profile icon from the upper-right of the screen
- Select Settings
- Select Account Settings

- The Account Security Email is the email used if a user forgets their username or password.
- Strong passwords are enforced, meaning that passwords should have a mix of letters, number, and characters to make them more secure. The system will provide a security score (percentage) to help you determine if a password is strong enough.

If you have forgotten your password, you can use the “Forgot Password” functionality to prompt the system to send you an email with a password reset link. This email will be sent to your Account Security Email, described above.
