

2018 – 2019 Finance Committee Charge

RESOLVED, that the Board of Education adopt the following Finance Committee Charge for the 2018 - 2019 School Year:

- In June of 2018 the Board of Education was presented with a financial forecast for the District. Increasing health insurance costs are projected to consume a disproportionate amount of the annual tax levy increase allowed under the NYS tax cap. The Board of Education hereby charges the Finance Committee with investigating two to three different health insurance alternatives which the Board may wish to consider in future negotiations. (Note: any alternative health insurance plans which are identified must be negotiated with our labor associations before they can be implemented)

Adopted by Board of Education: October 18, 2018
