June 2020

Dear Students and Parents of John Jay Middle School,

At JJMS we place a high value on independent reading. Students are expected to read regularly as part of their homework. Summer is a wonderful time to relax and learn with good books. We hope that you will find many reading opportunities this summer. While there is no reading requirement over the summer, we are happy to provide appropriate and popular titles to assist you in making selections. Our list, for incoming 6th, 7th and 8th graders, is meant as a guide to help you find books and build your stamina.

This year, students currently at the middle school began recording their reading journeys in a digital reading portfolio, created using Padlet. We encourage our students to continue to add to their portfolio throughout the summer, as this will be a helpful guide for them when school resumes in the fall.

Our JJMS Summer Reading Guide is organized by genre, and all the titles on this list are available in the JJMS eBook collection or the Westchester Library System (WLS) eBook collection. Students can easily access these eBooks by going to the middle school website, clicking on Library Media Center under Quick Links, and then clicking on JJMS eBook Library towards the bottom of the page. There are also video tutorials on how to access eBooks from JJMS and WLS on the JJMS Library page, as well as the JJMS Library YouTube Channel.

Parents, we understand that the emotional maturity and reading ability of middle school students varies tremendously. We recognize that you are the best judges in guiding your child’s selections. We hope that you will find our Summer Reading Guide helpful.

Happy Reading!
