

Atom Research

Choose one element from the periodic table and research at the following sites: the second one listed is a fantastic resource!

Use this site to help you choose the element by name if you do not know the symbol

<http://www.lenntech.com/Periodic-chart-elements/alphabetic.htm>

Use these sites for general information

<http://www.webelements.com/webelements/scholar/>

This site will show the atomic crystal structure.

<http://environmentalchemistry.com/yogi/periodic/>

This is a good site for shell diagrams.

<http://www.chemicalelements.com/index.html>

This site contains comic strips containing references to elements.
