

LEGAL NOTICE

Sweetwater County School District Number One initiated a Strategic Planning Process. The current strategic plan was created five years ago. To move forward, the District will review our current standing, set priorities, focus energy and resources for students and staff, and strengthen operations. This process will ensure stakeholders are working toward common goals, establish agreement around intended outcomes, and assess and adjust Sweetwater #1's vision and mission. The Strategic Planning Committee is **not** a decision-making entity, but rather a committee to provide a plan with recommendations to the District.

Stakeholder involvement, transparency and two-way communication are crucial to this process. The Board of Trustees, Sweetwater County School District Number One, will attend listening sessions at each of the District schools and departments. The listening sessions are for the purpose of collaboration between the Board of Education and the school community and no Board action will be taken at the sessions.

Dates and times for each session include:

February 27, 2018 – Northpark Elementary 3:45 p.m.

March 7, 2018 – Central Administration Building 3:30 p.m. Board Room

Unless specifically listed, sessions will be located in the school library or cafeteria.
