Hello Sweetwater #1 Staff,

Pick and Shovel

As we celebrate the yearlong anniversary of the District Crest, please notice the pick and shovel located in the Seal below. Representing the chief industry at that time by the 1927 Student Designers, coal mining brought diversity into Sweetwater County with many generations, nationalities, and descendants calling this County home.

Over the years, industry in Sweetwater County has transformed but the sense of community remains strong. We prepare graduates for the workforce, college, career and technical positions, and jobs that do not currently exist in industry.

What does a graduate from SW #1 need to be successful?

Our next *District* spirit day will be Wednesday, January 17, 2018. Please remember, to participate in *District* Spirit days wear your District shirt with blue jeans.

Thank you,

Kelly
