District Priorities: Mission Driven

We strive to grow a community of thoughtful and productive global citizens whose ideas enhance learning and the world around them.

Instructional

- Personalizing learning for every child
- Shifting from a deficit model of support to universal support for all children
- Developing rigorous and comprehensive curriculum aligned with standards of excellence and assessment practices
- Building capacity of professional staff
- Maintaining a safe, consistent and developmentally appropriate student-centered learning environment that transcends classroom walls

Business and Operations

- Promoting collaboration amongst all district personnel
- Hiring key personnel for long term sustainability and contracting expert consultants for short term development
- Being fiscally responsible and responsive
- Maintaining and enhancing the physical plant, exploring capital projects
- Promoting efficiencies and maximizing resources

Difference between maximum allowable tax levy limit and projected levy	\$ (5,301)
Dollar Increase Over Previous Year	\$ 535,472
Percent Increase Over Previous Year	2.19%

Key Factors to the Increase in the Allowable Tax Levy Limit:

*The Tax Base Growth Factor increases the allowable tax levy limit by \$46,358.

*The difference between the PILOTs from 16-17 and 17-18 results in a decrease to the allowable tax levy limit of \$71,232.

*The 1.26% multiplier for the Allowable Levy Growth Factor increases the allowable tax levy limit by \$298,129.

*The difference between the Capital Exclusions from 16-17 and 17-18 results in an increase to the allowable tax levy limit of \$267,518.

Certain capital items are excluded from the tax levy limit because they require additional funding, over and above any inflationary increase. For 17-18, the increase is due to the \$175,000 transfer to capital needed to supplement the auditorium project, and the \$120,000 purchase of a bus. This is offset somewhat by a decrease in the debt service due to be paid in 17-18.

Tax Projections

Projected Tax Rates				
	Tax Rate per \$1000 AV	2017-2018 Projection	Rate Change per \$1000 AV	Percent Change
Town of Greenburgh*	\$ 9.16	\$ 9.35	\$ 0.19	2.11%
Town of Mount Pleasant	\$ 618.83	\$ 615.20	\$ (3.62)	-0.59%

*Numbers above reflect the Greenburgh revaluation assessments

As the District's assessed valuation increases or decreases, the tax rate changes in the opposite direction. The 2016 assessed valuation, which is used to calculate the 2017-2018 tax rate, is expected to change based on the revaluation that was completed by the Town of Greenburgh. Due to this revaluation, properties in the Town of Greenburgh are now assessed at 100% of their market value, which increases the market value for the District as a whole and results in a shift of taxes from the Town of Mount Pleasant to the Town of Greenburgh. When looking at total assessment, the revaluation resulted in an increase in assessed values for Greenburgh, while Mount Pleasant experienced a decrease in assessed values. This means that Greenburgh is now responsible for 36.04% of the tax levy, as opposed to 34.08% in 2016-2017. Mount Pleasant is responsible for 63.96% of the tax levy, compared to 65.92% in 2016-2017.

Another factor is a decrease in assessed value due to the settlement of tax certiorari claims filed against the District in prior years. Tax certiorari settlements result in a decrease to the assessed value of properties, which results in a tax rate increase, which offsets the impact of the revaluation to a small degree. After taking into account the adjustments for the tax certiorari settlements, the Town of Greenburgh is responsible for 35.95% of the tax levy and the Town of Mount Pleasant is responsible for 64.05% of the tax levy.

Please note that assessed values used in the calculation above are estimates and are therefore subject to change.

Adopted Budget Report
Fiscal Year 2017-2018

3 Part Budget

Administrative Component

Includes items related to the management of our school programs:

- *Salaries and benefits of staff who spend a majority of their time performing administrative, supervisory, or non-instructional duties
- *Board of Education, central office, and school management expenses
- *Planning and consulting costs not directly related to student services and programs

Capital Component

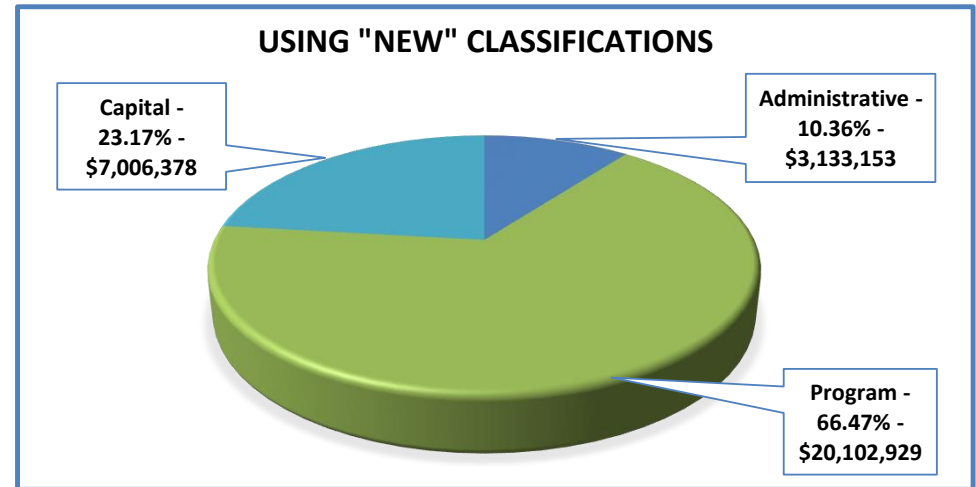

Includes items related to building and property maintenance:

- *Construction, renovation, repair and maintenance costs
- *Custodial and maintenance staff salaries and benefits
- *Service contracts
- *Materials and supplies
- *Utilities
- *Annual debt service
- *Refunds of property taxes

Program Component

Includes items which are part of the instructional program:

- *Salaries and benefits of staff who provide direct support to students
- *Instructional materials, textbooks and library books
- *Computers and instructional equipment and technology
- *Transportation expenses for both public and non-public students in grades Pre-K through 12
- *Field trips, extracurricular activities and interscholastic sports

The 2017-2018 budget includes changes due to the utilization of a Zero-Based Budgeting process and the right sizing of many line items. The most significant changes were the reclassification of all of the recreation codes (including pool, camp and after care), and the portion of the technology budget which represents infrastructure versus instructional support. The total dollar amount for these items of \$969,576 was shifted from the program code to the administrative code, and has a significant impact on the percentage distribution between these two components.

Pocantico Hills Central School District

Adopted Budget Report
Fiscal Year 2017-2018

Significant Budget Items

Retirement System Rates

Teachers' Retirement System (TRS) rates are expected to drop again for the 2017-2018 school year to between 9.5 and 10.5%, which is down from 11.72% for 2016-2017. While this is a positive factor for the 2017-2018 budget, TRS has warned that "the trend could reverse if investment returns remain in the single digits." School districts in NYS are authorized to fund reserves to help offset increases in the Employees' Retirement System (ERS), but not the TRS. If the contribution rate for either retirement system increases by 2% or higher from one year to the next, districts qualify for an exclusion to the tax levy limit formula to help fund the increase.

Health Insurance Rates

The District offers health insurance to its eligible employees under the New York State Health Insurance Plan (NYSHIP). Rate increases for the plan have been moderate for the last five years, but rates for 2017 increased substantially; 11.23% for individual plans and 12.17% for family plans. The 2017-2018 budget assumes a similar rate of increase for 2018.

Transportation Fleet

To continue to maintain the school bus fleet in good working order, the District requests the approval of the community to purchase replacement buses annually, depending on the condition, age and mileage of the existing fleet. The 2017-2018 budget includes the purchase of one large bus to replace vehicle P-58. Rather than continuing the practice of issuing a Bond Anticipation Note (BAN) to purchase the bus, the budget allows for the cash purchase of the bus which will save the District issuance and interest costs. For the 2017-2018 year, we will also be paying off the BAN from the purchase in the 2016-2017 school year, so bus purchase costs will increase for one year.

Outstanding Debt

As of June 30, 2016, the District's outstanding debt was \$15,585,000. As of June 30, 2017, the projected long term debt will be \$14,620,000, which includes \$2,175,000 borrowed for the settlement of tax certiorari claims and \$12,445,000 borrowed to fund the 2008 reconstruction project.

Pocantico Hills Central School District

Adopted Budget Report Fiscal Year 2017-2018

Enrollment

District-wide enrollment in grades Pre-K through 12 is expected to decline from 483 in 2016-2017 to 466 in 2017-2018. Our current largest class is the 12th grade, and we expect our graduating class of 50 to be offset by an incoming Pre-K class of 33. For grades Pre-K through 8, enrollment will increase as the Pre-K class of 33 moves in and the 8th grade class of 27 moves to the high school. The largest decrease in enrollment will occur at the high school level.

	<u>2016-2017 Estimate</u>	<u>2016-2017 Actual**</u>	<u>2017-2018 Estimate</u>	<u>Change</u>
Estimated student enrollment Pre-K through 8	309	313	329	16
Estimated student enrollment 9 through 12	152	160	137	-23
Estimated out of district student enrollment	20	22	22	0
Total estimated student enrollment	481	495	488	-7

**2016-2017 Actual is as of BEDS day; enrollments fluctuate throughout the year. The 2017-2018 estimate considers current enrollment as the basis of the estimate, and our current enrollment includes 10 more students than BEDS day enrollment.

High School Tuition

High school enrollment for 2016-2017 is 160, and the projected enrollment for 2017-2018 is 137. As stated above, our current 12th grade class includes 50 students, while the class that will enter 9th grade in 2017-2018 includes 27 students. Our budget also allows for potential new students entering the District.

Tuition rates that Pocantico Hills pays to our partner high school districts are based on the Non Resident Tuition rates (NRT) calculated by the New York State Education Department, based on financial information derived from the financial statements of the respective high school districts. The rates used in the 2017-2018 budget are estimates, because final financial information for the 2016-2017 school year is not yet known. Rates for 2017-2018 have been projected to increase between 2.5% and 6% per category, based on four year trends. We have negotiated a \$2,000 per student discount for students attending Briarcliff.

Budget to Budget Comparisons

Pocantico Hills has utilized a zero-based budgeting philosophy in the development of the 2017-2018 budget. In addition, we have recoded many line items to more accurately reflect the classification of the account code, especially in relation to BOCES services. As a result, many line items have changed from the 2016-2017 budget to the 2017-2018 budget. In some cases, budgeted amounts have just moved from one line item to another. In other cases, budgeted amounts have changed. The following is a summary of the function codes that have been impacted the most. Also included is a comparison by category, which may be found on the next page.

<u>Code</u>	<u>Explanation</u>
1010	District clerk stipend was moved to code 1040; memberships moved here from code 1920
1040	Cost for Board Docs moved here; District clerk stipend moved here from code 1040
1060	Election management system shifted from contractual to BOCES
1310	Shifted hourly workers to separate line; reduced overtime; residency investigations moved here
1320	Reduced due to no internal audit budgeted
1420	Increased scope of services for law firm
1430	New clerical position to support Superintendent in human resources management; other personnel-related items moved here from code 2110 and BOCES
1480	Reflects employee stipend in lieu of contracted services
1621/1621	Shifts between codes to reflect utilities, custodial and security out of code 1620, and building and grounds maintenance out of code 1621; also reflects an overall increase to allow for increases in heating and utility costs
1680	New code to record BOCES administrative technology costs
1920	School board association costs were moved to code 1010
2020	Includes new administrative position of principal; .25 of assistant to principal position moved here from code 2110
2070	Increase in professional development to align with District priorities
2110	Shifts in coding of teacher salaries, with a bottom line increase to allow for contractual obligations, increased stipends for professional development, and health teacher salary moved here; includes an additional teaching assistant; assistant to principal position was moved to code 2020; decrease in monitor costs as teaching assistants are maximized; allowance for interactive equipment in classrooms; contracted services have been broken out into more specific categories; shifts in high school tuition from code 2250 to code 2110
2250	Includes a new special education teacher; clerical staff was moved to another line within the code and a .5 clerical position was eliminated; shifts in high school tuition from code 2250 to code 2110; savings in special education tuition due to more students being served in-district in accordance with least restrictive environment requirement; reduction in BOCES services
2630	Administrative technology expenses moved to code 1680, only instructional technology costs remain here
2810	Decreased need for contracted services
2815	Health teacher salary moved to code 2110; reduced equipment needs due to AED purchases in 16-17; health services moved to separate line
2820	Reduction of psychologist position to .5 FTE
2855	Reduced stipend for athletic director, in line with 16-17 actual
5510	Purchase of bus recorded here due to switching to cash purchasing (but will also be paying the BAN for the buses purchased in 16-17); overtime and part-time drivers budgeted to be in line with 5 year history and projections for 16-17; monitors budgeted to be in line with 16-17 projection; contracted services shifted to BOCES line; allowance for increase in fuel prices
7140	Budgeted amounts in line with 3 year history
7141	Budgeted amounts in line with 3 year history
7142	Increase in personnel budget to provide required adult-to-student supervision ratios
9010	Based on salaries times rate
9020	Based on salaries times rate
9030	Based on salaries times rate
9060	Budgeted for 12.5% increase in health insurance premiums for 2018, based on actual increase for 2017
9950	Budgeted for transfer to capital to supplement auditorium project funding and/or other potential capital projects in the facilities

Due to the many line item changes that occurred through the zero-based budgeting process, it is useful to sort line items into categories for purposes of comparing 17-18 budget amounts to prior year and current year data.

Some of the larger changes are due to the following:

Wages: Addition of a 10-month principal, .5 FTE for administrative support, and contractual obligations - offset, in part, by retirement breakage

Benefits: 2017 health insurance rates increased by up to 12.17%; a similar increase is budgeted for 2018.

BOCES: \$200,000 increase for professional development around curriculum; \$90,000 increase in technology, both District-wide and instructional

Transportation: Change in bus purchase methodology from borrowing to outright purchase - one year only, both methods are budgeted

Transportation and Utilities: Include allowances for increases in fuel costs, as well as potential increases in use due to colder winter/hotter summer

		\$ 4,047,269	\$ 3,841,934	\$ 205,335	5.34%

Some of the larger changes are due to the following:

Administrative Technology: Some of the expenses from instructional technology were moved into this newly created category to more accurately reflect the nature of the expenses. This results in a shift in the 3 Part Budget; increasing the administrative component and decreasing the program component.

Professional Development: This increase is for consultants around curriculum and instruction

Incarcerated Youth Program: This decrease is based on the anticipated contract with BOCES decreasing to \$2.2 million.

Instructional Technology; When netted with administrative technology, the increase of ~\$45,000 is for instructional hardware.
