The 2016 *Elementary and Secondary Education Act (ESEA)* Accountability Profiles provide data on districts' and schools' progress toward statewide standards on graduation rate, attendance rate and assessment participation rate. Specifically, all students and student subgroups, at both the school-level and district-level, must meet the following standards:

- The assessment participation rate goal of 95%, and
- The attendance rate goal of 90 percent (elementary and middle schools) or
- The five-year cohort graduation rate of 85 percent.

Any district and any school that did not meet the accountability indicators for the metrics above must develop a board-approved corrective action plan to articulate the actions the school and/or district will implement to address the factors impacting participation rate, graduation rate and/or attendance rate. **Districts/schools are required to:**

- 1) **complete this action plan;**
- 2) **submit Page 1, with the required signatures below, to the county office of education.**

Instructions for completing page 2 of this action plan and resources are in the document entitled, *ESEA Accountability Action Plan Development Guide*, available on the ESEA Accountability web page at <http://www.nj.gov/education/title1/accountability/progress/16>.
