To be selected, students must be a senior and have completed at least 4 business education classes (including at least 1 college credit course). They also need to have at least an 88 average in those business education courses and have an overall average of 85 or greater. These students have taken various business education classes such as College Business Law, College Business Economics, College Accounting, College Management, College Sports & Entertainment Marketing, Math & Financial Applications, Video Game & Web Page Design, Business Computer Applications/Microsoft Office Suite and Career and Financial Strategies. The benefit to have taken these classes is that these students can take these business and life skills with them into any college or career choice.

Congratulations to all of this year's Business Honor Society Inductees!
