Books-n-Bites Lunchtime Book Club for March

Books-n-Bites is a lunchtime program where a group of students from 3rd, 4th and 5th grade meet to talk about a book, under the guidance of a parent volunteer. Students read the book at home, independently or with a parent and then come to the lunch meeting ready to discuss the book with classmates. Each grade offers two different book options which will take place on **every Monday in March**. Due to space limitations, the program is first come first served. Please see book selections and dates below.

The success of the program requires parent volunteers to lead the weekly lunchtime discussion groups.
