

“Cognitive-Behavioral Interventions for Anxiety in Children with Autism Spectrum Disorder”

Karim Ibrahim, PsyD

Kimberly Cimino, M.A.

Yale University School of Medicine, Child Study Center

Thursday, May 24, 2018 at 5:30pm
Guilford Library | Main Meeting Room
67 Park Street
Guilford, CT

Points of Interest

- Come and hear about the latest types of treatment for children with ASD who have trouble with anxiety
- These interventions involve working with children to build their confidence and develop skills to combat their anxiety
- We also work with parents to give them evidence-based strategies in how to help change their children’s anxious behaviors
- **Learn about how to access these interventions for you and your child!**
