Lisa Mininger Retallack

Community Outreach & Public Relations Specialist

We have a new electronic flyer distribution system coming for our 2015-16 school year:

Nyack School District is getting ready to launch a new electronic flyer communication tool called "***Peachjar***." It is quick and easy. To view school-approved eflyers, you will simply click the "***Peachjar***" button on Nyack School District's new website homepage, which will also be launched in August! We are very excited about changes we are making to keep our parents and community informed in the most effective ways.

This "green" initiative will save our schools tons of paper and reduce copy costs by thousands of dollars. Posting school flyers in this electronic backpack removes a significant administrative burden from teachers, office staff, and volunteers.

No action is required on your part. In August, you will receive a welcome email from our service provider, "***Peachjar***", that will include a username and password. This will be provided to give you the opportunity to manage your own account and flyer delivery preferences, but **you do not need to login to receive or view school eflyers.** To ensure smooth delivery of this communication, we suggest you add "school@peachjar.com" to your email contacts. When you receive your first eflyer, be sure to click "always display images."

Please see the email request form, included in your summer packet: fill it out, printing your email address clearly, and kindly return it to your child's school.

"Peachjar" is used exclusively for distribution of school-approved flyers. Your email address will not be shared or used for any other purpose. Thank you for supporting our efforts to ensure parents are well informed about school programs, activities, and events.

For more information about "***Peachjar***", please visit our website at: www.nyackschools.org or feel free to call the Public Relations & Information Office at 845-353-7013. Please also note that we will still make paper flyers available to parents who request them or do not have access to eflyers.
