

Dear Seniors:

In order for your college/university to award you transfer credit for dual-enrollment courses taken here at CHS, they must receive an official copy of your college transcript. (Your final transcript from CHS is not enough...you must ALSO request a transcript from the institution that grants the credit). Please be aware that not all institutions will accept college courses taken in high school.

CHS Course Name	Credit Awarded From:	College Course Code (Name)
