March 12, 2020

Dear Parents and Guardians:

While we are hoping that an extended closure of our SWBOCES Program at the Valhalla Campus Special Services School is not necessary we are preparing just in case so student learning can continue. Please find enclosed a folder that contains worksheets, lessons and additional learning materials for your child. The teachers and staff have prepared each student's packet individually to address their unique learning goals. The assignments contained relate to the material your child is currently learning in school and should reinforce both content and skills. The purpose of the folder is for each student to have academic materials available for them at home should a prolonged closure occur due to the recent COVID-19 outbreak in the region.

At this time, there are no plans for this for an extended closure, but we are planning proactively. Should we have such a situation, by utilizing these lessons, your child will be able to maintain his/her current level of academic skills. Additional materials will be provided as the circumstances necessitate.

The teachers will continue to send homework home on a regular basis for your child to complete. The staff and I appreciate all of your support and participation during this time. Please do not hesitate to contact me at 914-784-272, if you have any questions.

Sincerely yours,

Leslie Handler
