Re: DENTAL HEALTH CERTIFICATE

New York State Law requires public schools to request a Dental Health Certificate from all new entrants and students in grades K, 2, 4, 7 and 10 – the same years in which a Physical Exam required.

Beginning of the School Year, when we require for your child to submit a Physical Exam, we will also be *requesting* a Dental Certificate as well. Similar to Physical Exams, the dental exam must be done no more than 12 months prior to the beginning of the school year in which the exam is required. A student will not be excluded from school if a Dental Certificate is not submitted. I have attached a Dental Certificate for your convenience. The form may also be found on the District Website.

Please contact the Health Office if you are in need of a list of dentists who may perform free or reduced cost dental exams. Thank you for your cooperation in this new health endeavor. Please call me at 914-769-8535 if you have any questions or concerns.
