June 2017

Dear Parents/Guardians:

This letter is to notify you that your child is due for the Tdap (tetanus diphtheria and acellar pertussis) immunization that is required for all students entering 6th grade.

You will be required to show proof of this vaccine. The State Immunization guidelines are very strict and we must report all students who do not comply. You have 14 days from the start of school to comply. If your child is not in compliance he/she may be excluded from school.

In order to be in compliance and avoid your child from being excluded from school we need to have documentation of the immunization in the Health Office by September 19, 2017.

If your child is 10 years old upon arrival to school in September ,you will have up to 14 days after their birthday to hand in proof of immunization.

If you have any questions please call the Health Office at the above number.

Stay Healthy,

Dawn McCarrick, RN
Lisa Feldman, RN
