TEST PREP PROSPECTUS

ISEE ESSENTIALS CLASS

ISEE Essentials provides an excellent starting point for students who are new to standardized testing. The class introduces the structure of the Upper Level ISEE test along with the first module of the CATES Core, covering essential content and suggesting tactics for maintaining focus. Over 5 two-hour sessions, students will improve their grasp of test content, strategy, and test-taking skill. Classes of 12 students or fewer are guided by a CATES tutor who provides individualized feedback to each student to address specific needs and strategy based on a diagnostic mock test. Students will also sit a final mock test before the last review session.

SHSAT ESSENTIALS CLASS

SHSAT Essentials offers a comprehensive introduction to the Specialized High Schools Admissions Test. After reviewing the structure of the test, students will develop their mastery over essential content and work on tactics for building focus, endurance, and confidence to ensure success on test day. Over 5 two-hour sessions, students will improve their grasp of test content, strategy, and test-taking skill. Classes of 12 students or fewer are guided by a CATES tutor who provides individualized feedback to each student to address specific needs and strategy based on a diagnostic mock test. Students will also sit a final mock test before the last review session.
