Please join us for a FREE screening of **PERSONAL STATEMENT**, a feature-length documentary about three New York City high school seniors determined to get their entire classes in to college, even though they aren't sure they will make it there themselves.

The teens are acting as college counselors at their under-resourced schools because many of their friends have nowhere else to turn for guidance and support.

Following the screening, join the director and cast members for a discussion of critical issues in the film.
