

## 2017 Penn Trafford Baseball Tryout Schedule

Evaluation Process: We will try to make this as objective as possible based on our facilities and conditions available. Each player will be evaluated in the 5 tools of a baseball player (speed, arm, defense, contact, and power) by the coaching staff for their respective teams. The combination of physical skills along with character traits, leadership attributes, a team-first attitude and coachable behavior that the player possesses, and each coach's opinion will determine who makes each team. Teams will consist of 12-18 players. **The tryout process is closed to all except participants. You must have a completed physical and be cleared by the athletic trainer to participate in the scheduled tryout. If you are not, you cannot try out, thus reducing your chances of making the team.**
