

PTSD 2020-21 Student Emergency/Medical Information Registration via FamilyID

PTSD completes online registration for Penn-Trafford School District's Student Emergency/Medical Information. *This FamilyID registration process takes the place of the Emergency Cards.*

ALL Student Families MUST complete this Emergency/Medical Information Registration, using the link below, by Thursday, August 27th.

<https://www.familyid.com/penn-trafford-school-district/ptsd-2020-21-student-emergency-medical-information>

The FamilyID online registration will allow you to make changes to your student's Emergency/Medical Information at any time during the school year. Notification will be sent to the appropriate school personnel to update your information in PowerSchool. You will not have to make additional notifications.

Please be sure to enter all the required information as you will not be able to submit your student's registration until completed. If you have difficulty with your registration, please feel free to contact FamilyID Support at support@familyid.com or 781-205-2800.

Once your student's information is reviewed, if there is need for follow-up for an Individualized Health Plan due to a medical condition and you have not already submitted the appropriate forms and medical documentations, the School Nurse at your student's school will contact you. If you have medical concerns for your student, please feel free to reach out to your school nurse at your child's school health office.

It is our hope that this type of online registration will make it easier for families to communicate necessary student contact and medical information with school personnel. Please be sure to complete your registration by the required dates listed above.

Thank you for your cooperation and support!
