

Bayou Blue Elementary School

Introducing: Family Engagement on Demand

Lafourche Parish School District has partnered with **Successful Innovations** to offer Lafourche families a free on-demand resource to support their children in the classroom. Lafourche parents now have access to a library of how-to videos with exercises and activities to help accelerate your child's learning – all in the comfort of your home.

Please take a moment to create an account and then watch your first video. *Family Engagement On Demand* has great learning videos on how families can support reading, math and educational success from home for early childhood, elementary, middle school and high school students.

Thank you for partnering with our school district in the success of your student!
