March 11, 2020

Dear Community Members:

This serves as an update on the status of the health and safety of the school district regarding the Coronavirus (COVID-19). To date, there is a total of seven (7) students who have been exposed to individuals outside the school setting who have tested positive for the Coronavirus. Please note that all students are asymptomatic (free of symptoms) and remain under quarantine. The Nassau County Department of Health has advised that there is no need to close any of the District's schools. We will continue to monitor the students and will inform the community as the situation warrants.

Please be advised that the custodial staff continues to implement heightened sanitizing and disinfecting measures. All cleansers and disinfectants are CDC approved and can be found on the CDC website (www.cdc.gov). Further updates will be provided as received.

Sincerely,

Dr. William K. Lloyd
Superintendent of Schools
