SLT Minutes
May 8th 2019

AGENDA given out

Minutes are being read

Minutes are approved

Ms. Mitnick is phone conferencing in

Mr. Martuccio, Lyons, Ms. Mitnick went to a meeting today for CEP

The format of the new CEP is different

The biggest thing that the SLT across the district are not monitoring the CEP goals

“We feel good about the meeting”- Mr. Martuccio

Where the minutes need to be uploaded into the iplan portal

Cep better be on every agenda

District said they have to be posted on iplan but Mr. Martuccio said it would be good practice to keep posting on the school website

Originally in the minutes Friday May 3rd was the night that we would have the family involvement

The Thursday before break it was decided that there was not enough time to plan

Title 1 pac have to include Mr. Martuccio on the emails because he needs to know what is going on from an organizational stand point

The title 1 pacs focus needs to be aligned to the CEP GOALS and Our cep goals need to be aligned to the districts goals

The district did not share their goals today

The goals are to be cascaded - District - school - title 1

275 people coming to movie night based on the responses

Fran came to Mr. Martuccio to order more food and supplies and then we requested more security guards

Title 1 pac had \$ 6,050 to spend and they didnt come close to that spending

The title 1 committee agreed for paper and ink for the poster maker

We need volunteers tomorrow

Partner with communities - New push from the district - Salem church is looking for a place on Sunday to hold service in Rosebank

There was litigation in the courts to hold church in schools, Schools are allowing Sunday service

We are pursuing a permit for Salem church to have church in the auditorium on Sundays

In turn Salem church is looking to make ps 13 better than it already is

Salem church said tell us when you want us to leave and we will leave.

They are just requesting a space.

They are looking for a permit from 8-1 on Sundays

They come with a trailer and set up

The rent would be in the permit

We will not waive school safety for the event

The survey about a laminating machine- Ms. Bucan was interested and came to the PTA

PTA said that Ms. Bucan said nobody came back to her and said they wanted the laminating.

Ms. Lyons surveyed the school and got an overwhelming yes

Mr. Martiuccio is speaking with Fran about buying one

Posters are normally generated with the students due to highly effective practice

So long as we can find one that we can afford, we are looking to purchase a laminator that works and won't break. The funding would come from the school and maybe we could come to PTA and ask the members to vote to possibly supply paper, maybe Title 1 PAC, maybe teacher center could supply paper

The question is what charts are we laminating because we want the kids to create the charts and we don't want to lose an opportunity for that

At a PTA meeting there was announced that there maybe an annex for ps 13

The school construction authority sent us an outline of St. Joseph's.

Maybe looking to move K and some first grades

There are 8 total classrooms

The school construction authority contacted St. Joe's and said we are interested

The target date is September 20, 2020

St. Joseph will not sign a lease with the department of ed unless we put older grades in the annex because of the size of the seats

They want to put the 4th and 5th grade in the building

Salem would fund a carnival

Maybe do a carnival at the end of the year or a welcome back

This annex would help the school and the neighborhood

At this point K, 1, 2 are out of the equation

Annex would start at 8 and this school would start at 8:10

We are going to discuss all the possibilities

Parents want the kids to finish here

67 out of 70 schools on their report card have chronic absenteeism

The students on the chronic absenteeism are the students that are those performing below grade level

Students with iep are targeted students with extended programs because they are underperforming in terms of meeting the standards

Plan on possibly coming back in 10 days. Possibly meeting again before june 13th's slt meeting
Meeting tba.
