Mr. Custudio- Pac committee

Pac works accordingly with SLT

THE PURPOSE of the pac is focused on the funding for parent engagement

The pac has to follow guidelines

Mr. custudio is looking to collabrate with involved in ps 13.

SLT has to approve fundings

6,050 is the 1% been set aside.

Mr. Custido said that the budget may be 6,650

Staten island schools are allocated money for translating.

We use that money during state exams to translate.

Family fun day and resource fair. Funding would go to

workshops. The parents need guidance for homework.

Mood meter on the home front. Finical welness, bullying

The idea is to have the parents inside and have activities

for the kids outside.

3296 money is for translation

The pac would run the fun night

Pac stands for parent advisory committee

Possible do it on a saturday

The funding can only go to how parents can be engaged

The slt team decides on the workshops

The activities comes from outside funding

Survey is being created right now for feed back

Purchase orderrs need to be done by april 30th

Fair has to be done by june 30th

When can we look at the survey and what questions do

we want to ask on the survey. What are the answers and

how can we get it done by april 30th

Can we get a parent representative from each sub group

that we are looking to target

There are codes within that 6650 that need to be known to determine the venders.

In previous years we used the pac money for fun nights.
We still have the money in tact.

Next step is getting this survey together for the parents

Possible idea is a movie night in the school
