

**Carmel High School**  
**STUDENT MENTOR RELEASE FORM**  
**SCHOOL YEAR 2017-2018**

In an effort to help our Carmel High School Freshmen be more productive, academically enriched, organized, goal-oriented, responsible and contributing citizens in our school community, we have enlisted the help of others.

We have an active Mentor Program at Carmel High School. Student mentors are competent Carmel High School juniors and seniors who have shown devotion and dedication to the school and the Mentor Program. All mentors have applied and undergone training sessions to ensure that they are ready to fulfill their duties to the school and students.

In a process involving clear communication, support, and on-going academic help, we have created this release form. Mentors need to be able to access students' grade reports, contact information and school schedules. Signing this form ensures that your child's mentor may access their grades to guarantee that they will receive academic aid, if necessary.

Please note that all student information received by the mentors will be CONFIDENTIAL.

Please complete this form and return it to their 1st period teacher during the first week of school. If you choose to mail it back to the school, please send it to the attention of Mrs. Joanne Morgan.
