Principal

Hello Parents/Guardians/Students,

I hope this finds you well. We are excited to announce that the Nyack District is participating in a summer pilot program for myOn! myOn is a digital book website with thousands of books available in English, Spanish, and many other languages as well. Your child may have been using the generic myOn program before and logging in using the New York State Reads log in. Now, students will have individual accounts that will keep a record of their reading, both time read and titles of books completed. The program will also make recommendations of books based on your child's interests and reading preferences.

In order to log in, you will use the STAR Renaissance platform by clicking this link:

<https://global-zone08.renaissance-go.com/welcomeportal/19061> At the log in page, your child will be prompted to enter their username and password. ***This is the same username and password students use to get into STAR. Please contact the VCE main office 845-353-7280 to receive your child's username and password if you do not already have it.*** After logging in, you will see a purple icon that says "myOn"

Once they are logged in, they will be prompted to choose the kinds of topics/books they are interested in. They can skip this or complete it quickly. The program will choose books for them at their appropriate lexile level within their zone of proximal development based on any STAR data available from earlier this school year.

I am attaching a "myOn Parent and Family Guide" to help get you started and to help you navigate the myOn site and its features over the summer.

Thank you so much, and we hope you enjoy reading! Also, be sure to check out the daily newsfeed for kids on myOn as well!
