

Kindness Rocks! Kindness Counts!

Be a part of Kindness Week at DTS

In our community, our school, and at home

Here's what you do.

#1. **School Kindness Challenge**: Find a Rock, (or two or three) paint it with your favorite color and write an inspiring kind word on it for all to read. Put your initials on the back. During the week of May 18-22nd, drop it off at school in the designated area. Watch as our kindness rocks the pathway through our school.

#2. **Home Kindness Challenge**: Pick a kindness challenge on your own. Something you think your parents would be proud of and just do it without being told. Some suggestions might be; playing with a sibling, helping around the house, or cleaning up your room.

#3. **Community Kindness Challenge**: Donate to the local food bank. When you drop your rock off bring a couple of non-perishable food items for the local food bank. We've arranged for the Flemington area food bank to come and pick up our items. They know how generous our DTS students have been in the past and they were so excited to learn we were doing another drive as the food banks are really low right now.

Begin the challenge on May 15th with an ending date of May 22nd. **KINDNESS MATTERS and so do you!!!**
