

Delaware Township School is one of New Jersey's Inter-district Public School Choice districts and enables us to enroll students who do not reside within Delaware Township without any cost to parents. The program increases educational opportunities for students and their families by providing students with school options outside of their district of residence and giving parents the power to select a school program that best serves their child's individual needs.

Delaware Township School offers comprehensive educational programs that reflect relevant, innovative, and comprehensive curricula through eighth grade. Where small student to teacher ratio is a priority, we offer a full day kindergarten, an elementary science program, middle school after-school learning lab, and accelerated programs in grades 4-8 for students who meet the criteria. Our school boasts technology in all of our classrooms, state of the art computer labs, and several Chromebook carts available to teachers. Students in grades 6 – 8 have their own devices for use at school and at home. Additionally, our students enjoy outstanding choral and instrumental music programs and a variety of extracurricular club and sports programs.

Creating lifelong learners who exhibit strong moral character is our goal at Delaware Township School. We are committed to providing excellent educational services using the most progressive, research based teaching techniques as we embrace the unique challenges of the 21st Century school community.

If interested in having your child(ren) attend Delaware Township School for the 2021-2022 school year, please follow the application process as described on the NJ Interdistrict Public School Choice website: [https://www.nj.gov/education/choice/Opens in a new browser tab](https://www.nj.gov/education/choice/Opens_in_a_new_browser_tab)
